- Spearheaded the launch of a community tech hub, scaling from 0 to 40+ active customers in 6 months.
- Led operational workflows, achieving 100% occupancy and boosting customer satisfaction by 85%.
- Built and managed a vibrant online community with 100% engagement through events and discussions.

Digital Marketer | Nolele Technology – Ondo State (2024)
- Drove a **90% sales conversion rate** through targeted campaigns, product recommendations, and daily customer engagement.
- Launched effective ad campaigns across Google and social platforms, resulting in an 80% sales increase.
- Facilitated weekly meetings to review KPIs and improve digital strategy and team performance.

Selected Projects

Personal Portfolio Website
Built a mobile-responsive developer portfolio using React.js. Features include animated scroll effects, dynamic routing, and a contact form.

React.js Projects (Ongoing)
Developed multiple mini-apps such as to-do lists, dashboards, weather apps, and form validation projects to deepen React expertise.

Food Magazine Layout
Designed a modern, responsive magazine interface using CSS Grid, Flexbox, and media queries.

Rock Paper Scissors game
Interactive game built with JavaScript and DOM manipulation, featuring score tracking and visual feedback.

Simple Calculator Web App
Implemented event-driven logic and a clean UI using Vanilla JavaScript.

Education

B.Tech in Food Science and Technology
Federal University of Technology, Akure (FUTA) **|** 2018-2024
